Workwear Protective Clothing

protecting people

uvex ultimate line

Our motto **made 2 perform** drives us: We develop and manufacture products for maximum performance — without compromising on safety, comfort, quality and sustainability.

Our products perform impressively — whether it's at work, in sport or during leisure. **made 2 perform** is more than just a promise — it is our motivation for users, athletes, employees and everyone who wants to achieve their best.

uvex corporate 26

Comfortable in wind and rain

Material technology

3-layer laminate made from: 100% recycled polyester, a zero waste membrane made from pre-consumer waste and an inner layer made from recycled PET. The robust outer layer can withstand 30,000 abrasion cycles.

Design

Elegant and sporty look in a timeless design with high-quality and unobtrusive accessories.

Fit

Regular fit — even in women's sizes — with adjustable hem and sleeve hem.

Wearer comfort

Comfortable to wear thanks to regular fit and lightweight outer material. The jacket can also be stored in a compact manner.

Breathability

Ventilation zips under the arms for additional breathability. Classified as class 4 in accordance with EN343. The material achieves a value of 10,000 g/m²/24 h.

Weather protection EN 343

Class 1 water permeability resistance and taped seams help to protect against the weather. The water column of the material is 10,000 mm.

ENGINEERED IN GERMANY 

made 2 perform

Our commitment to sustainability

The high performance jacket is made of a 3-layer laminate and offers protection against bad weather conditions and sudden changes in weather, such as wind and rain.

The material for the outer layer of the 3-layer laminate has obtained through textile-to-textile recycling. This means that existing textiles are recycled to produce high-quality and high-performance fabrics. This innovative approach allows us to reduce the consumption of natural resources while minimising waste.

The **made 2 perform** motto represents clear goals: maximum performance, uncompromising safety – measurable, tangible and designed for everyone who wants to achieve more.

Sustainability at uvex safety

protecting planet

The uvex suXXeed multifunction high vis collection is made from a high-performance fabric with 43% TENCEL™ Lyocell and offers a long-lasting, smart appearance — even after 50 industrial washes in accordance with ISO 15797.

The high wear resistance extends the service life of the clothing, while the colour fastness of 4–5 ensures long-lasting vibrancy. The fabric is inherently flame-retardant and consists of almost 50% sustainable materials. It reduces the ecological footprint without compromising on multi-standard performance. The TENCEL™ Lyocell fibres used come from responsible wood sources, require up to 50% less water and are EPD®-certified.

about the product

Material

Products featuring this symbol contain bio-based materials, materials that can be composted at home or recycled materials. Recycled materials covers both post-consumer recycling materials (PCR) and post-industrial recycling materials (PIR).

Packaging

Product packaging featuring this symbol is made of, for example, 100% recycled materials or materials that can be composted at home.

Circular economy

Products featuring this symbol are, for example, designed to last for a particularly long time, recyclable, intended to be used a second time or able to be repaired.

Carbon footprint

We calculate the product-specific greenhouse gas emissions using the methods set out in the ISO 14067 standard.

Calculation method: IPCC 2021 GWP100 (based on ISO 14067); SimaPro with ecoinvent database; Scope: Cradle-to-Customer; The CO₂ values provided were valid at the time of calculation and may be subject to change due to database or methodology updates.

Engineered in Germany – from the initial idea down to the seam

Our workwear is created in a place where quality is a long-standing tradition: In our own product development and sample making departments in Germany. Here, we combine technical expertise with precision of craftsmanship – for workwear that delivers what it promises. Developed for the high requirements of leasing laundries and optimised for resource-saving industrial laundering, our workwear stands for durability, functionality and sustainability. High-quality materials, strong partnerships and responsible use of resources along the entire value creation chain underline our aim: Workwear with responsibility.

Going one step further with sustainability – with recycled and certified materials

With our new developments, we are always keen to keep increasing the percentage of recycled materials that we use. Whenever possible, we use raw materials and products with recognised eco-labelling, such as GRS and OEKO-TEX®.

uvex corporate 26 collection: An homage to 100 years of innovation and tradition

As part of the 100th anniversary of uvex, we are proud to present the **uvex corporate 26 collection**. This exclusive line is an homage to our rich legacy and the generations before us that paved the way to our success. Inspired by the pioneering spirit of our founder Philipp M. Winter, the collection combines **expertise and zeitgeist** in perfect harmony. The new collection is designed not only for everyday work, but also as stylish corporate wear. Each piece reflects the values and innovation that have formed a key part of uvex over the last century. Particular importance has been placed on the use of state-of-the-art technology and cutting-edge materials to ensure maximum wearer comfort.

Our commitment to sustainability is a special feature of the uvex corporate 26 collection. With our **textile-2-textile recycling** material, we are setting new standards in recycled textiles. Old garments are recycled using an innovative process and processed into new, high-quality materials. As a result, we are actively contributing to the protection of our environment and promoting a sustainable future.

Description: • the material is similar to a softshell material • the inside has a fluffy warm fleece texture • the outside boasts a robust body look • the material is water-repellent • the midlayer is equipped with a 2-way front zip • chin protection • 1 chest pocket and 2 side zip pockets • OEKO-TEX® Standard 100

uvex suXXeed family

One design, one fit, one range.

From head to toe, from underwear to arc protection, from recreation to protective clothing: The uvex suXXeed family's comprehensive range guarantees something for everyone. Whether you are looking for professional and protective clothing suitable for leasing or a sustainable leisure style, the uvex suXXeed collections are as extensive and flexible as the tasks for which they were created.

Flexibility and comfort are guaranteed thanks to different fit shapes and perfectly matched materials. The cuts and the 360° performance fit ensure a perfect fit and, thanks to the different models for men and women, anyone can get a feel for the extraordinary workwear up close.

Want some variety? Thanks to the selected colours and materials, all products in the collection are perfectly adapted to the most diverse requirements of workplaces. However, with well-matched items in the line, there is nothing to stop you mixing and matching and piecing together favourites yourself. Ensuring safety meets style.

Art. no. 89068 black

Size XS to 6XL
Material 96% polyester, 4% elastane, approx. 300 g/m²

Description: • breathable, water-repellent and windproof • width-adjustable hood • 2 side pockets with plastic zip in the panel seam • width-adjustable hem • reflective detailing

Jacket

Art. no. 89067 black

Size XS to 6XL
Material 65% polyester, 35% cotton, approx. 300 g/m²

Description: • stand-up collar • concealed front zip • 2 chest pockets with fastening option • 2 side pockets in the panel seam • 1 upper arm pocket • width-adjustable cuffs • reflective detailing

Cargo trousers

Art. no. 89062 black

Size 42 to 64, 90 to 110
Material 65% polyester, 35% cotton, approx. 300 g/m²

Description: • Kneepad pockets made of CORDURA® for knee pads (art. 9868900) • multifunctional thigh pockets on both sides • 2 back pockets with fastening option • reflective detailing

Trousers

Art. no. 88465 black

Size 42 to 64, 90 to 110
Material 65% polyester, 35% cotton, 250 g/m²

Description: • lightweight version • high wearer comfort due to the 3D cut • reflective detailing • 2 side pockets, opening reinforced with CORDURA® • covered fastenings • left thigh pocket with flap, plenty of storage space • right double ruler pocket, CORDURA® reinforcement at the relevant areas • back pocket with flap, hook-and-loop fastening

CORDURA® is a registered trademark of INVISTA™.

Especially suited for use in the construction industry

uvex suXXeed essentials

The smart introduction to the suXXeed philosophy — overalls 2.0

The new suXXeed essentials collection combines modern design with proven functionality and a high level of wearer comfort. Sporty fits, ergonomic details and two different material options offer maximum freedom of movement and flexibility for all requirements. The clean design with subtle contrasts ensures that team members can have a unified but individual appearance.

uvex

uvex suXXeed arc

For those working on live components

The suXXeed arc and suXXeed multifunction collections are based on the highest safety standards for heavy duty and dangerous work. In addition to protecting against heat and flames, they offer extended protection against arcing. This makes the collections ideal for working on electrically charged components with a perfect fit when moving thanks to the 3D cut.

uvex

uvex suXXeed multifunction

Safety meets functionality

Neither heat nor electric arcs can damage the flame-retardant material. At the same time, the "high rise" arm design ensures that this all-rounder keeps up with every movement. So you are as flexible as the applications covered by this collection. Whether in the electrical, automotive or steel industry, the uvex suXXeed multifunction collection fulfils our mission of "protecting people".

uvex suXXeed multifunction high-vis

So that the danger sees you coming

The uvex suXXeed multifunction high-vis collection not only protects against electric arcs — it is also flame-retardant. The use of materials with a high lyocell content provides the products with excellent moisture management and is also made from a renewable raw material.

And because even with electricity and fire, you will sometimes be working in dark areas, the line is completely equipped with reflective stripes. So you definitely won't be overlooked.

uvex cut quatreflex, nanoflex

Protects when work gets sharp

Glass fibre is not just good for fast internet. In the uvex cut collection, the cut-resistant fibre provides maximum protection against sharp edges, glass and blades. Inside, the clothes are lined with bamboo yarn and are pleasantly soft. This collection is therefore robust and comfortable at the same time, even after multiple industrial cleans.

The knitted cut protection fabric protects against superficial mechanical injuries and achieves performance level D according to EN 388:2019, tested according to ISO 13997:1999.
