

uvex

uvex i-5

Adjustment to deliver the perfect protection

Perfect protection thanks to maximum adaptability The uvex i-5 provides reliable protection in any situation. Sophisticated features ensure superior wearer comfort even during long periods of use.

These features include the soft, flexible nose pad, the 3-position side arm inclination and the adjustable side arms. The uvex i-5 proves that a modern design and functionality are by no means mutually exclusive.

Three-position side arm inclination
allows easy adjustment to any facial shape

x-tended sideshield
provides optimum protection around the sides of the eyes

x-tended eyeshield
provides greater protection against particles, dust and dirt

x-twist technology
for flexible and comfortable adjustment to any head shape

Soft and flexible nose pad
for pressure-free wearer comfort and a non-slip fit

uvex supravision coating technology
