

uvex

uvex megasonic

Visionary technologies at a glance

The revolutionary lens design of the uvex megasonic does not restrict the wearer's field of vision, meaning users have the clearest possible view at all times – even under difficult conditions. The spacious goggle inner volume and dedicated recesses for the side arms allow

every wearer, even with their own prescription glasses, to wear the product with enthusiasm and without restrictions. Their sporty, ergonomic design and extremely comfortable fit make them a reliable companion during your everyday work.

Frameless and innovative lens design
for an optimum, unrestricted view

x-frame design
for flexible adjustment to any face

Ergonomic face seal
for a perfect fit and maximum comfort

Fits comfortably over most prescription glasses
thanks to the unique frame design

Extra-wide headband
for an optimal fit and enhanced wearer comfort

uvex supravision coating technology

MADE IN GERMANY
