

uvex Hand Protection System

uvex synexo M500

- Seamless mechanics glove with reinforced thumb joints for heavy duty activities
- EN388: 2016 cut level C 10.2 Newtons, 1,020 grams force
- Long wearing safety glove for mechanical precision work
- Neoprene palm pad for extra comfort with long wear times and protection against shocks and impacts
- Ideal for extremely greasy and oily areas due to sand grip finish
- Hook-and-loop fastner wrist for easy on and off

EN 388:2016

4X42C

uvex Point of Difference	Benefits
Seamless HPPE/Glass plaited fiber liner	No stitching seams around fingers increases tactility and dexterity, along with cut level C protection
Green liner with black palm	Distinctive colour denotes cut level C for site compliance
Crotch area reinforced	Reinforced wear zone increases product service life
Padded palm	Increases comfort during mechanical service life
Hook-and-loop wrist fastener	Easy on and off of the glove
