

 **HECKEL**  
PERFORMANCE WITH STYLE

# RUN-R RANGE

Lightweight, stylish and comfortable

# RUN-R RANGE

Lightweight, stylish and comfortable

The RUN-R RANGE takes inspiration from the world of road and trail running in terms of its design, technologies and the performance it offers.

Low weight, ultra-flexible safety shoes with excellent slip resistance (SRC), microfibre uppers, 100% metal-free toe cap and premium hygienic insole.

This range is designed for tradesmen; those working in warehousing and logistics and light industry: delivering optimum shock absorption, ergonomic fit, low weight and excellent climate characteristics, ensuring maximum performance and redefining the limits for safety footwear.

## Double density PU sole

- 01. Dual density PU for excellent shock absorption
- 02. GRIPSTEP profile for ladders and stairs
- 03. Self-cleaning sole profile increases slip resistance
- 04. Sharp-edged tread profile improves grip
- 05. Deep grooves for better grip

# EASY LOCK

# METAL FREE

# S1P

01

## TPU film

Abrasion resistant TPU sections to the upper extends product life and durability.

02

## Double density PU sole

Antistatic, SRC rated, resistant to oils, hydrocarbons & chemicals.

03

## Metal free toe cap + midsole

Light weight with no thermal conductivity. Flexible midsole covers 100% of the foot bed.

04

## Climate managent

3D mesh lining for excellent breathability and quick drying.

05

## Textile upper

Light weight and breathable microfibre upper.

06

## Easy lock system

The RUN-R 100 has the easy lock speed lace system.
