# uvex 1 business

So comfortable and flexible, you wouldn't know it's safety footwear

**Whether you're in the office or on the factory floor, the uvex 1 business safety footwear looks stylish paired with chinos, a suit or work trousers.**

Providing reliable protection against workplace hazards, the new extra-wide steel toe cap protects your toes against falling objects and impacts while maintaining high levels of comfort. The flexible, non-marking, slip-resistant mono polyurethane sole features a soft EVA insert for increased comfort. Innovative uvex climazone technology helps regulate the internal temperature of the footwear, protecting feet against excessive perspiration. The removable antistatic insole, with a moisture transport system, then wicks away any moisture, keeping feet comfortable throughout the day. These smart lace-up shoes and boots are the ideal choice for those who work in both office and factory environments and place equal value on style, safety and comfort.

## High wearer acceptance

This lightweight range of safety footwear in a modern business look is available in protection levels S2 and S3. With 3 colour options - stylish blue, black or grey makes this range ideal for those looking for time efficiency as it takes you seamlessly from a meeting to the factory floor.

## Proven safety

The extra-wide steel toe cap, metal-free, penetration-resistant insert and non-slip outsole, which exceeds the requirements of the standard for shock absorption by almost 100 %, provide optimum protection.

## Breathable materials

Highly breathable, chrome-free microvelour or leather materials, with antistatic insole which has been developed to wick away moisture, keeping feet comfortable throughout the day.

## Comfortable fit

The innovative easy to clean, abrasion resistant microvelour material with soft padding and insole with additional shock absorption around the heel and forefoot guarantee a pressure-free fit.
