# uvex phynomic

## Perfection in 3 dimensions

The uvex phynomic series sets new standards for wearer comfort and performance.

Manufactured using 3D hand 'formas' which mimic the contours of your hand, uvex phynomic gloves fit like a second skin. Independently dermatologically approved, these gloves are safe for even the most allergy sensitive of wearers. They are ideal for precision work, fine assembly, general maintenance and working in the food industry.

pure standard

clima zone

MADE IN GERMANY

### 1 Perfect fit

#### 3D ergo technology – precision all the way to the fingertips

Ergonomic solution for every wearer with up to 8 perfectly coordinated sizes.

The advantages for the wearer:

- the glove fits like a second skin
- natural touch
- maximum flexibility for fatigue-free work

### 2 Optimum functionality

#### Coatings perfectly adapted to the application at hand

- for dry areas:  
aqua-polymer waterproofing
- for dry and slightly damp areas:  
aqua-polymer foam coating
- for humid and oily areas:  
aqua-polymer xtra grip foam coating
- for wet and oily areas:  
aqua-polymer pro coating

### 3 Skin safe – product safe

#### Enhanced skin care and product protection

##### Health protection:

- no skin irritation
- dermatologically approved\*
- certified in accordance with OEKO-TEX® Standard 100
- free from harmful solvents (DMF, TEA)
- free from allergenic substances

##### Product protection:

- silicone-free according to imprint test
- suitable for sensitive surfaces
- does not leave any traces/marks
- certified for food processes\*\*

\* The uvex phynomic series was clinically tested by the proDERM® Institute for Applied Dermatological Research (Hamburg, Germany). The extremely good skin tolerability of uvex phynomic safety gloves has been dermatologically tested (proDERM® studies: 11.0356-02, 11.0482-11, 13.0202-02, 15.0188-02, 15.0219-11).

Detailed information on the award criteria applied by the certification bodies OEKO-TEX®, proDERM and Top100 can be found at: [www.uvex-safety.co.uk/certificates](http://www.uvex-safety.co.uk/certificates)

\*\* Models uvex phynomic lite, foam, C3, C5

### uvex phynomic lite

Extremely lightweight and flexible glove for precision work.  
Touch screen compatible.

**Product No:** 60040  
**Coating:** Aqua-polymer  
**Liner:** Polyamide/elastane

**EN388:** 2121X Food Approved  
**Applications:** Dry  
**Size Range:** 5-12

### uvex phynomic allround

Lightweight and dirt-resistant all-round safety glove for mechanical activities.

**Product No:** 60049  
**Coating:** Aqua-polymer foam  
**Liner:** Polyamide/elastane

**EN388:** 3131X  
**Applications:** Dry/slightly damp  
**Size Range:** 5-12

### uvex phynomic x-foam HV

Unique design with break sections to enable one or more digits to detach / tear should fingers become trapped in machinery.

**Product No:** 60054  
**Coating:** Aqua-polymer  
**Liner:** Polyamide/elastane

**EN388:** 31X1X  
**Applications:** Dry  
**Size Range:** 6-12

### uvex phynomic foam

Light and flexible with good mechanical abrasion resistance thanks to the damp-resistant aqua-polymer foam coating.

**Product No:** 60050  
**Coating:** Aqua-polymer foam  
**Liner:** Polyamide/elastane

**EN388:** 3121X Food Approved  
**Applications:** Dry/slightly damp  
**Size Range:** 5-12

### uvex phynomic C3

Lightweight and sensitive cut protection for mechanical activities. Good cut protection (level B) and high tear resistance

**Product No:** 60080  
**Coating:** Aqua-polymer foam  
**Liner:** Polyamide/Glass/HPPE

**EN388:** 4X43B Food Approved  
**Applications:** Dry/slightly damp  
**Size Range:** 6-12

### uvex phynomic C5

Lightweight and sensitive cut protection for mechanical activities. Good cut protection (level C) and high tear resistance.

**Product No:** 60081  
**Coating:** Aqua-polymer foam  
**Liner:** Dyneema®Diamond Technology

**EN388:** 4X42C Food Approved  
**Applications:** Dry/slightly damp  
**Size Range:** 6-12

## uvex phynomic wet

Water-repellent aqua-polymer coating allows liquids to run off while light oil is absorbed for high levels of grip in moderate wet/light oil applications.

**Product No:** 60060

**EN388:** 3131X

**Coating:** Aqua-polymer foam

**Applications:** Wet/light oil

**Liner:** Polyamide/elastane

**Size Range:** 6-12

## uvex phynomic wet plus

3/4 coated with water-repellent aqua-polymer coating. Allows liquids to run off while light oil is absorbed for high levels of grip.

**Product No:** 60061

**EN388:** 3131X

**Coating:** Aqua-polymer foam 3/4

**Applications:** Wet/light oil

**Liner:** Polyamide/elastane

**Size Range:** 6-12

## uvex phynomic pro

Sensitive, dirt- and damp-resistant safety glove with palm and 3/4 of the back of the hand coated aqua-polymer pro coating.

**Product No:** 60062

**EN388:** 2121X

**Coating:** Aqua-polymer pro

**Applications:** Damp/light oil

**Liner:** Bamboo/polyamide/elastane

**Size Range:** 6-12

## uvex phynomic XG

Flexible and extremely durable glove with aqua-polymer Xtra Grip foam coating on palm and fingertips for best oil grip.

**Product No:** 60070

**EN388:** 2121X

**Coating:** Aqua-polymer xtra grip foam

**Applications:** Damp/oily

**Liner:** Polyamide/elastane

**Size Range:** 6-12
