uvex sportstyle - performance and style

Style without compromise

Whatever your industry or sporting activity, the uvex sportstyle delivers the perfect combination of performance, safety and style.

The distinct close fitting athletic design, unrivalled uvex lens coating technology, together with the sportstyle's low weight and use of high-tech materials means that wearers will experience the highest levels of comfort, ultimate fit and an excellent field of vision.

Suitable for a wide range of applications in multiple industrial sectors or sporting activities.

Pioneering lens coating technology:

- uvex supravision extreme lens coating technology: permanent anti-fog coating on the inside of the lens, scratch resistant on the outside
- Permanent lens coating technology: won't wash off even after repeated cleaning. Prolongs product life offering great value for money
- Non-stick nanotechnology on the outside of the lens makes lenses easier to clean and less susceptible to dirt

uvex sportstyle models:

The uvex i-works is suitable for a range of applications requiring low impact protection including those working in construction, manufacturing, automotive, healthcare, utilities, pharmaceutical, food/drink, warehouse/distribution and sports e.g. cycling

Art. no.	9193.376
Frame	black, blue, black / W166 FT CE
Lens	PC clear / UV 400 2C-1,2 W1FTKN CE
	uvex supravision extreme

Art. no.	9193.277

uvex supravision extreme:

- uvex supravision extreme coated lenses are permanently anti-fog on the inside and scratch resistant on the outside
- Lenses will not fog up as the coating never reaches the point of saturation
- Ideally suited for workplace environments with long-lasting exposure to condensation and a high degree of dirt
- The anti-fog properties are permanent even after repeated cleaning
