

9321906

uvex hypervision CB

The uvex hypervision CB features a comfortable and ergonomic design and offers an unrestricted field of vision thanks to the translucent frame. The flexible, soft and specially for an Asian fit designed frame provides great comfort. Recesses on the sides ensure enough space for your own prescription eyewear, so that the uvex hypervision CB can easily and comfortably be worn as an OTG. An adjustable headband as well as an indirect ventilation are additional features that the uvex hypervision CB is equipped with.

Fashionable goggles with unrestricted field of vision

OTG compatible with frame recess for side arms

Custom bridge version for Asian fit

Cellulose acetate lens, easily exchangeable

Soft nose

Translucent frame

Inclination of headband, headband easily exchangeable

Indirect ventilation system
