Safety Footwear

protecting people

uvex

Trend-setting all-rounder

uvex 2 xenova safety shoe series – exceptional, robust and comfortable shoes, whatever you're doing. Whether indoors or outdoors, the uvex 2 xenova are the right choice for applications such as mechanical and plant engineering, metal processing, energy (generation, supply & grid operation), municipal operations, motorway maintenance, railways, transport & logistics, airports, trades, ancillary construction work, horticulture and landscaping. uvex 2 xenova – the trend-setting all-rounders for a wide range of applications.

Metal-free safety

The uvex xenova® system offers high levels of safety thanks to its metal-free toe cap and optional metal-free, penetration-resistant flexible midsole that keeps out the cold, and is light-weight and flexible for lasting wearer comfort.

Comfortable, lightweight shoes

The uvex 2 xenova safety shoes do not compromise when it comes to comfort: shock-absorbing, extremely breathable, lightweight and a perfect fit thanks to the unique combination of uvex technologies:

- uvex climazone standard: breathable upper materials and comfortable insole with a moisture-transport system
- uvex multiple widths system with 3 widths and a newly developed last
- lightweight, sturdy uvex dual-density polyurethane sole with excellent slip resistance (SRC)

Impressively diverse

Made from high-quality black micro velour or smooth leather, the uvex 2 xenova series offers an impressively wide variety of styles in accent colours blue, green and red in protection classes S1, S1 P, S2 and S3.
