uvex

Seamless style meets uncompromising safety

Whether you're heading from the boardroom to the factory floor or transitioning from the office to the construction site, the **uvex 1 x-cite** has you covered. Our safety footwear blends contemporary style with industry-leading protection, so you never have to choose between style and safety.

Designed to complement modern business attire and uniforms, our footwear offers a sleek, professional look without sacrificing performance. With exceptional comfort that lasts from your first meeting to the end of your shift, uvex ensures you stay protected - and look sharp - every step of the way.

clima zone

Stay dry and comfortable

Water-repellent leather and extra-soft breathable textile lining work together to keep feet dry while helping to regulate the internal temperature to reduce moisture build-up. This helps prevent blisters and skin irritation and keep feet fresh and comfortable.

Extensive size range – our biggest ever!

Available in sizes 2 to 10, in widths 10, 11 and 12. Each pair is built on a last designed to mirror the natural shape of the female foot, delivering a more natural, supportive and comfortable fit.

Lightweight for lasting energy

The low-weight design reduces strain on legs and feet, enabling you to remain comfortable, focused and limit the onset of fatigue – even during long shifts. The metal-free carbon fibre toe cap is incredibly durable, offering robust protection at a fraction of the weight of fibreglass.

Award winner

The uvex 1 x-cite range won the **German Design Award 2025** for combining style and functionality. The jury praised its elegant look and comfort, ideal for modern, safety-focused workplaces.

The **Red Dot Design Award**, one of the world's top design competitions, has once again recognised uvex. In 2025, the uvex 1 x-cite women's shoes earned a Product Design award for outstanding design.

Tailored for women in the workforce

The uvex 1 x-cite are ideal for professionals who move between corporate and operational roles, such as site managers, engineers, architects, logistics coordinators, and production supervisors. With ESD certification, metal-free construction, and a focus on comfort and sustainability, the uvex 1 x-cite range is perfect for modern workplaces that demand both safety and style.

Discover the range

The uvex 1 x-cite range redefines safety footwear with a sleek, modern design that transitions effortlessly from the office to the factory floor. Available in a variety of styles, including low-cut shoes, slip-on Chelsea boots, and high-cut boots, the uvex 1 x-cite collection offers exceptional comfort, lightweight protection, and a contemporary look.
