# uvex xact-fit range

Using earplugs has never been easier

# uvex xact-fit

## Using earplugs has never been easier

Easy, fast  
and accurate insertion

Medium protection  
capacity for excellent  
speech and signal  
recognition for easy  
communication

Replacement pods are  
available allowing for  
increased cost-effectiveness.  
Reusable version for an  
environmentally conscious  
choice

Suitable for all day  
use or those with  
intermittent noise  
protection requirement

Hygienic. No rolling  
required, so they can be  
used with dirty hands  
or while wearing gloves

Ergonomically shaped  
stems make fitting easy,  
hygienic, accurate and  
achieves a high level of  
wearer comfort

Thumb indentations  
with left and right  
marking ensures  
correct insertion and  
easy fitting

The shape means it  
fits most ear canals  
securely and  
comfortably

## The uvex xact-fit family

The uvex xact-fit is as unique to each ear, as a pair of shoes is to each foot – you can't get it wrong. This unique left and right plug fitting ensures correct insertion and optimum fit. The uvex xact-fit is available in three designs: reusable, disposable and detectable.

### uvex xact-fit planet

Disposable foam pods  
that are easy to replace.  
Suitable for multiple  
industry applications.

### uvex xact-fit detec

Detectable plug and cord.  
Traceable by sight or by  
metal detector. Suitable for  
food manufacture.

### uvex xact-fit reusable S and M/L

Smooth, dirt-repellent surface can be easily cleaned using  
mild soap and water. Size small suitable for those with  
smaller ear canals or new to wearing hearing protection.  
Suitable for a wide range of environments. Cost-effective  
and environmentally conscious choice.

# Intelligent ergonomics

## A new dimension of wearer comfort

The cross-section of an ear canal is oval shaped

The novel design of the uvex xact-fit is based on the anatomy of the ear canal, mimicking the natural oval shape. This noticeably reduces pressure inside the ear – even when worn for extended periods – as well as allowing fast, easy and accurate insertion.

The design is visible from a distance, making it easier to monitor usage in accordance with your company's regulations.

**MADE IN SWEDEN** 

### Perfect fit

Oval-shaped earplugs mimic the natural shape of the ear canal for a low pressure fit and enhanced comfort, with no rolling required.

### Ergonomic thumb indentations

The stem is shaped to fit either the left or right ear as indicated. Ensures correct insertion and optimum fit, providing intended and required protection.

### Adjustable cord

Thanks to an adjustable cord the earplugs can be worn comfortably around the neck so they're always conveniently to hand.

## uvex xact-fit planet

Corded hearing protection with disposable foam pods that are easy to replace. Suitable for multiple industry applications.
